- 1** This product is not a medical device and is not intended to assist, treat, diagnose, or alleviate any medical condition or disability.
- 2** Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. These specifications can be subject to a variance of (+/- 10%).
- 3** Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or - 3%).
- 4** Tested in accordance with ANSI/RESNA, WC Vol2, section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
- 5** This accessory must be removed prior to using the travel bag.

**NOTE:** All specifications subject to change without notice. The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure.

**\*\*** Transport of this item on commercial aircraft is subject to federal regulations and airline policy. Please consult your airline prior to flight to ensure your scooter and its 11.7 Ah lithium battery are permitted.
